

COE TTHP 5th Annual Virtual Administrative Meeting Research Roadmap Update

**Center of Excellence for
Technical Training &
Human Performance**

Evaluating the Roadmap Document

- Subject Matter Experts
- Committee Members
 - Planning Committee
 - Executive Committee

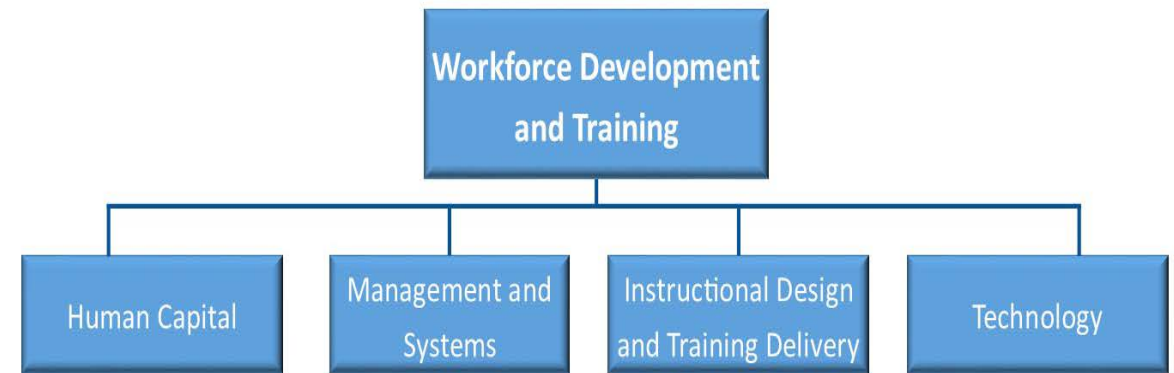

Updating the Research Roadmap for Phase II

Several rounds of feedback and comments were incorporated into the new document:

- Added detail to research subtopics under each main category
- Added appendices for industry partners, research questions, and potential areas for future research
- Project information added to the Roadmap and the website
- Suggestions to review research project category designation

Updating the Research Roadmap for Phase II: Workforce Development and Training

Added additional detail to specific subtopics, highlighting research capabilities within the COE:

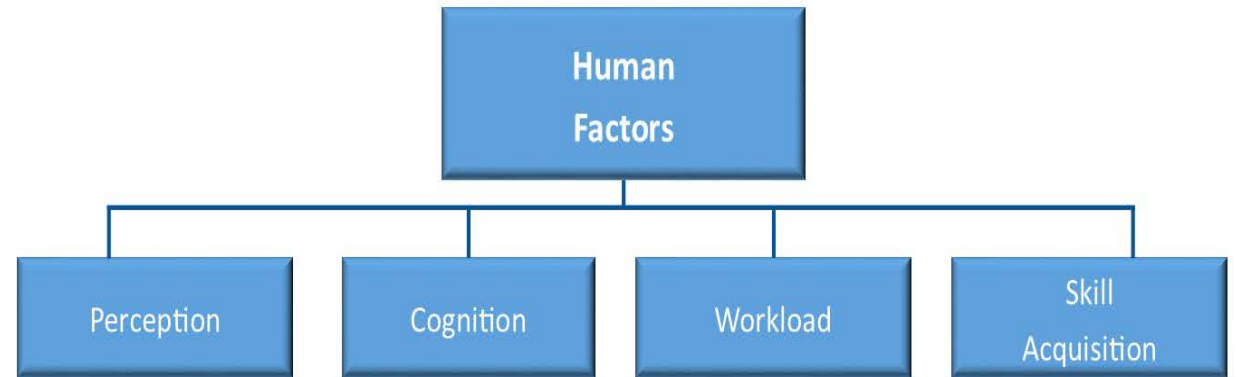

Questions: please use the Chat function in the ZOOM Webinar at the bottom of your screen.

Moderator: Mr. Jeff Tyrcha, OU
SME: Dr. Mark Askelson, UND

SME: Dr. Erin Bowen, ERAU

Updating the Research Roadmap for Phase II: Analytics

Added additional detail to specific subtopics, highlighting research capabilities within the COE:

Questions: please use the Chat function in the ZOOM Webinar at the bottom of your screen.

Moderator: Dr. Seth Young, OSU
SME: Dr. Chen Ling, UA

Remaining Questions

Questions and comments from the document:

- Should a visual be developed to represent the percent breakdown of projects that fall into the major four categories? If so, how would projects that fall into two categories be addressed?
- Capabilities Matrix: is it effective at displaying the strengths of the core universities? Is there an alternative visual we could use to better display this information?

Remaining Questions

Questions and comments from the document:

- Should Affiliate Partners be listed in the Roadmap document? Industry Partners?
- How do we engage industry sponsors?
